

All dimensions based on stackup of sheetmetal, subject to variation of 1/2" (13 mm) Due to continual product improvements, dimensions are subject to change without notice

Instructions:

- Ensure printer settings are set for 1:1 (Scale:100%)
- Print both pages, ensuring the two models on each page align, and then join them together to form a complete square
- Test bolt pattern with light curtain to ensure all holes line up correctly

1:1 Stencil of Mounting Plate for Light Curtain System (09-0954)
