

# EU-MODEL PACKAGES

**HAAS AUTOMATION, INC.**

# IT'S ALL ABOUT THE FEATURES

We put together these packages to make it easy for you to configure the best machine for your needs – from a basic productivity boost, to a fully loaded, multi-axis-ready workhorse. The bigger the option package, the bigger the savings.

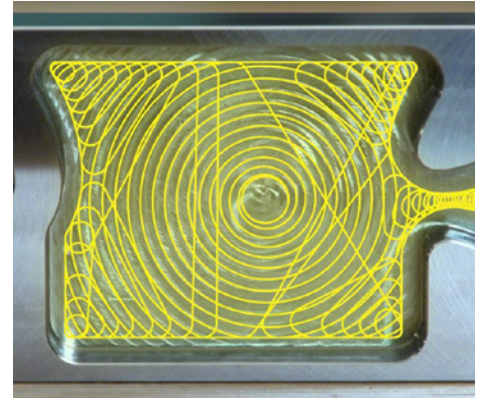

## **Wireless Intuitive Probing System**

Guides the operator through the job set-up process with easy-to-use templates.

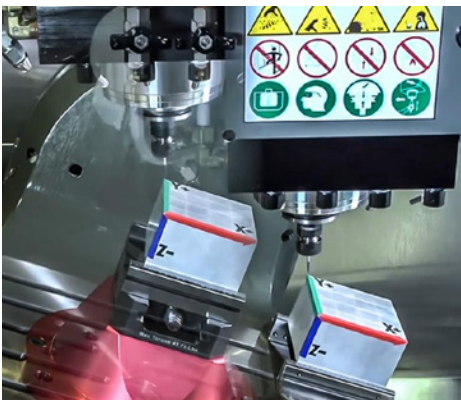

## **Through-Spindle Coolant, 300 psi**

Providing up to 300 psi of coolant to the cutting tool, allowing for heavier cuts, higher feedrates, and better surface finishes.

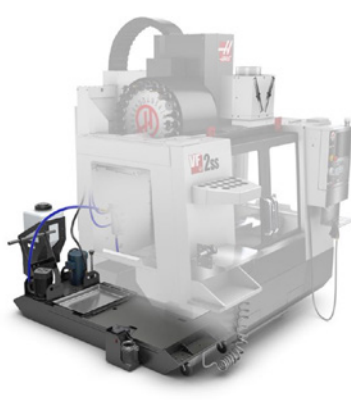

## **High-Speed Machining**

This option allows faster feedrates and more complex toolpaths, without hesitation or starving the machine.

## **Dynamic Work Offsets/ Tool Center Point Control**

Software features in the Haas control that make setting up 4- and 5-axis jobs easy.

## **Coolant Maintenance Package**

Keep your coolant system filled with properly mixed coolant, your tank free of tramp oil, and your enclosure clear!

## **Chip Auger**

This auger-style chip conveyor automatically removes chips from the machine, while compressing them and wringing out the coolant.

## **30+1 Side-Mount Tool Changer**

This Haas-designed and -built 30+1 side-mount tool changer holds 30 tools, plus one in the spindle, to increase productivity and reduce setup times.

## **Programmable Coolant Nozzle**

Boost your productivity. Reduce cycle times. Eliminate all that opening and closing of the doors to adjust coolant lines.

## **4th- and 5th-Axis Drives**

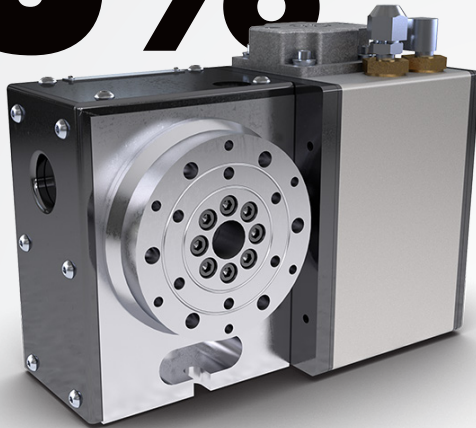

The fastest way to increase the productivity of your Haas mill is to add a Haas single- or dual-axis rotary product.

**HAAS AUTOMATION, INC.**

# ADD A ROTARY AND SAVE EVEN MORE!

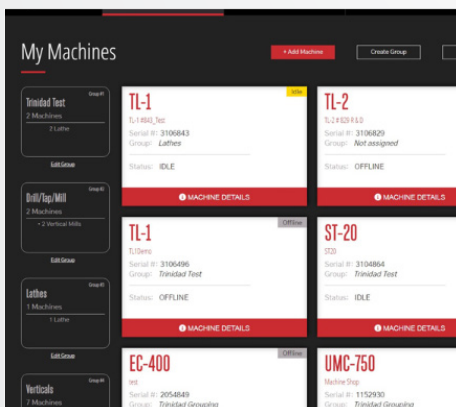

15%

20%

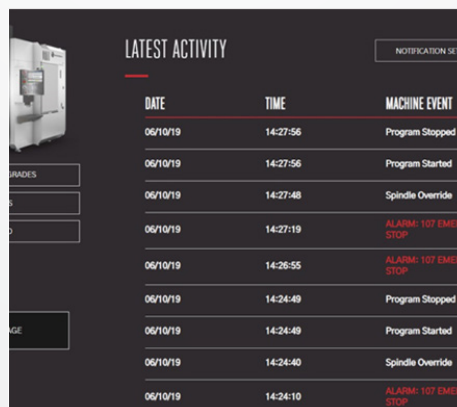

**TAKE 15% OFF ANY SINGLE-AXIS ROTARY PRODUCT WHEN YOU ADD THE 4TH-AXIS PACKAGE. TAKE 20% OFF ANY DUAL-AXIS ROTARY PRODUCT WHEN YOU ADD THE 5TH-AXIS PACKAGE.**

**Discover MyHaas.com, and take control of your machine shop.**

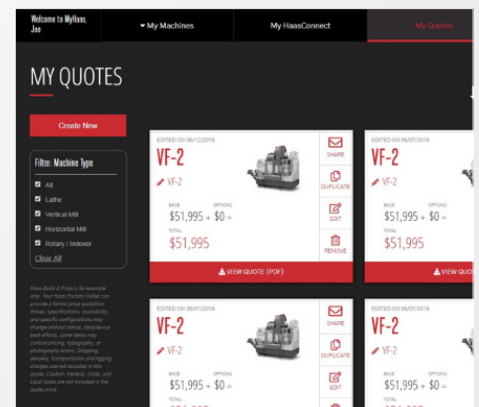

## Manage Your Machines

Customize your dashboard to manage and group all Haas machines in your fleet (both NGC and Classic).

**Machine Activities** Up-to-the-minute event tracking for a single machine, or your entire fleet – all in one window.

**Save Quotes** Save unlimited quotes online. Once signed in, you can create, save, manage, and share Build-&-Price quotes – without having to re-enter contact information.
