Compact Footprint with **BIG CAPACITY AND SPEED!**

Haas DC Series drill centers combine high-speed capabilities and space-saving footprints to create versatile vertical machining centers suitable for producing high-precision 2D and 3D parts, such as those found in the communications, aerospace, medical, and automotive industries. Deploy a single machine for fast-turnaround high-mix work, or install multiple machines side-by-side for high-volume production.

- High-speed turret-style tool changer
- Rear chip cleanout and coolant chip flush
- Automation ready – Cobot
- User-friendly Haas control
- High-performance spindles
- Easy 4th- and 5th-axis integration
