Engineered for precision, our bandsaw delivers smooth, clean cuts on a variety of metals, from steel to aluminum. The HAB-3232 can cut different lengths in the same cycle, and has bar-stacking capability for extra efficiency.

Featuring an intuitive control panel, the HAB-3232 offers user-friendly operation. Use AI Mode to let the saw determine its own feedrate, or use the adjustment wheel to make fine adjustments and determine what feedrate works best.
