

Note - A light curtain is standard and the full height fence is optional in all areas besides CE compliant countries. In "CE compliant" European countries the full height wrap around fence is standard.

Due to continual improvements specifications are subject to change at any time without notice

All dimensions based on stackup of sheetmetal, subject to variation of 1/2" (13 mm)

Table

To accommodate the large variation in size and shape of material that can be loaded by the APL, use the following guidelines and table dimensions to make your own part specific templates

1. Allow adequate space between rows and columns for gripper clearance
2. All rows must have equal spacing
3. All columns must have equal spacing (but can be different than row spacing)
4. Use dowel pins and/or screw holes to fix template to table

Maximum Part Size
